C&L Aerospace Signs Exclusive Supplier Agreement with Thai Aviation Industries

Agreement covers the Royal Thai Airforce fleet of Saab 340 Aircraft

BANGOR, Maine – C&L Aerospace, a C&L Aviation Group company, has signed an exclusive supplier agreement with Thai Aviation Industries (TAI), Thailand’s aircraft repair and maintenance service center. This partnership will allow C&L to better support the Royal Thai Airforce’s fleet of Saab aircraft through Thai Aviation Services.

The agreement, which is for two years, is the continuation of the successful history of the two companies working closely together to provide cost-effective solutions for Saab operators.

“TAI has been dealing with C&L for a number of years now and this agreement that we have just signed shows our confidence in their ability to provide us with the solutions for our Saab platform customer,” said Anun Chansongserm, Managing Director for TAI.

“Having this deal in place allows for fluid communication and inventory movement between both TAI and C&L,” said Jameel Wazir, C&L’s Executive Vice President. “Our commitment remains to be able to understand and anticipate the customer needs to provide the best possible support.”
