C&L Aviation Services Receives Transport Canada Civil Aviation Approval *C&L is a FAA and EASA approved Part 145 Repair Station located in Bangor, ME USA*

BANGOR, Maine – C&L Aviation Service, A [C&L Aviation Group](#) company, has received Transport Canada Civil Aviation (TCCA) approval. This certification allows C&L to perform maintenance services on commercial aircraft (defined as any aircraft that sells individual seats or full-aircraft rental services) that are registered in Canada.

C&L Aviation Services performs depot-level maintenance from its FAA and EASA approved, 140,000 sq. ft. Part 145 maintenance facility located in Bangor, ME USA. The company focuses in on regional aircraft including ERJ 135/140/145, Saab 340, ATR 42/72, Dash-8, and CRJ 200/700 and corporate aircraft including Challenger 604/605, Hawker 800 series, Citation Aircraft, and Beechjet 400A.

“Having the TCCA authorization in place is great news for our Canadian customers,” said Chris Kilgour, CEO at C&L Aviation Group. “We already provide parts and component repairs to our Canadian customers, so having the ability to perform quality maintenance on their aircraft here in Maine is a natural fit.”

Currently the company operates two large maintenance hangars at their Maine location which also includes on-site parts warehouses, a custom interior shop, on-site avionics, engineering and component shops, and a [20,000 sq. ft. state-of-the-art paint hangar](#). Recently it was announced that the company is also [expanding with several building projects in Maine](#) and with a [warehouse facility in Texas](#).

[C&L Aviation Group](#) is an industry leader in servicing, maintaining, and supporting operators in the corporate and regional aviation industry. In addition to aircraft and engine sales and leasing programs, C&L offers parts support, heavy maintenance, interior refurbishment, aircraft teardown, disassembly services, and aircraft management. C&L is headquartered in Bangor, Maine, with international offices in Australia and Europe. www.cla.aero.
