

**FOR IMMEDIATE RELEASE**

**Meet award winning pilot Manuel Queiroz and see his record-breaking Vans RV-6 aircraft at Aero Expo.**

**Aero Expo UK, Wycombe Air Park  
Monday 11th June 2018**

**Adams Aviation is pleased to announce that Manuel Queiroz will be joining them on their stand A1 at the UK's Festival of Aviation, Aero Expo UK, to be held at Wycombe Air Park on 14th-16th June.**

G-GDRV, Manuel's Vans RV-6, was the first British registered homebuilt aircraft to fully circumnavigate the world and to this day is still the only one to have done so. The journey was completed with no external support whatsoever, no flying or ground crews involved – all problems, difficult or otherwise – were solely dealt with by its pilot and sole occupant, Manuel Queiroz.

G-GDRV will be on display at Aero Expo 2018 and can be seen in another leading role by showcasing the extraordinary Garmin G3X Touch – this time not as a solo effort but very much in a team, with close support by Garmin Europe and Adams Aviation.

This equipment has been reported by those that have seen its capabilities as 'light years ahead of anything else around' and it is the centre of a practical and public demonstration on how to create the best glass instrument setup, while attempting to conform to the much proclaimed and enlightened IFR and Night Flying acceptance by the LAA.

Manuel will be available on the Adams Aviation stand A1 and will be delighted to show you the finer points of this leading and splendid glass panel.

In their 50<sup>th</sup> anniversary year, and as Europe's largest distributor of parts, rotables, consumables and accessories for general and business aviation, Adams Aviation will also be exhibiting a selection of items from their portfolio of over 130 product lines. Supporting all types of aircraft, both fixed-wing and helicopter, from home-build and private-flyer aircraft, through piston training type and turbine aircraft, to business and commercial jets, they will have a number of product experts on their stand A1 throughout the show.
