Kelly Gray Joins C&L Aerospace as Regional Sales Manager for Corporate Aircraft Parts *C&L Aviation provides corporate aircraft parts, components and rotables to customers worldwide.*

(Bangor, ME, USA) [C&L Aerospace](#) is pleased to announce the hire of [Kelly Gray](#) as Regional Parts Sales Manager for Corporate Aircraft covering the Western Regional of the United States.

Kelly has two decades of aerospace experience specializing in parts replacement, component repair and overhaul needs for corporate aircraft such as Challengers, Hawkers and more. His experience as a Sales and Service Program Manager for Heroux-Devteck and Component Overhaul Manager for Bombardier make him uniquely qualified to support C&L customers with their after-market parts and service needs.

“My experience at an OEM and with a PMA company will be a huge asset,” said Kelly. “I look forward to supplying not just one, but multiple solutions for each of our customer’s needs.

I am very excited to have Kelly join our sales team, utilizing his vast aircraft parts knowledge and providing comprehensive solutions to corporate operators throughout the region,” said [Martin Cooper](#), C&L Senior Vice-President of Sales. “He’s a great addition to our corporate aircraft team here at C&L.”

C&L Aerospace, a division of [C&L Aviation Group](#), has been in the aviation spare parts business since 1994 and has built its successful model from the knowledge that a “one size fits all” approach does not suit most operators. The addition of Ordonez further extends C&L’s ability to support customers with their unique needs and individual requirements from anywhere in the world.

** NOTE: Headshot available upon request.

###

ABOUT C&L AVIATION GROUP: C&L Aviation Group is an industry leader in servicing, maintaining, and supporting operators in the corporate and regional aviation industry. In addition to aircraft and engine sales and leasing programs, C&L offers parts support, heavy maintenance, interior refurbishment, aircraft teardown, disassembly services, and aircraft management.
