

thank you

Dear ADMA sponsors and donors:

My name is Trey Matsch. I was recently selected for the 2019 ADMA scholarship. From my deepest gratitude I wish to say Thank You! Thank you for making this scholarship possible and for your generosity and interest in helping me pursuing my education and training in preparation to entering the professional aviation industry. I pledge to use this scholarship fully in the assistance of my education as a senior at Western Michigan University. As the cost of higher education continue to increase each year, this scholarship is a wonderful blessing in many ways and I will always be thankful to the sponsors of ADMA who so generously invested in my education. And again thank you for this great gift and blessing.

Sincerely,
